

Jacksonville Daily Journal

JACKSONVILLE, ILLINOIS, SATURDAY MORNING, JUNE 11, 1904.

APPEAL SENT THE PRESIDENT

WESTERN MINERS WANT AN INVESTIGATION

Stand Ready to Render Every Possible Assistance to Proper Authorities—Exiled Teller County Officials.

Denver, June 10.—The executive board of the Western Federation of Miners to day sent the following appeal to President Roosevelt:

"A duty devolves upon you as president of the United States to investigate the terrible crimes being perpetrated in Colorado in the name of law and order. We will render every possible assistance to the proper authorities in such investigation to the end that the people of the country may realize outrages that are being inflicted on innocent persons by those in temporary official power."

It was further decided a history of labor troubles in Chicago will be taken to Washington by an emissary and placed in the president's hands. It was also voted to appeal President Meyer's habeas corpus case to the United States supreme court.

EXILED OFFICIALS.

Denver, June 10.—The following county officials are exiles from their homes and will not return to Cripple Creek while the military is in control owing to reports that the citizens' committee which is co-operating with the military intended to force them to resign:

District Judge W. P. Seeds.
County Judge A. S. Frost.
Assessor P. J. Devault.
Treasurer D. J. McNeill.
Clerk P. P. Mannix.

All except Seeds are in Denver.

"I have not been asked for my resignation," said Judge Frost to day, "but I have heard that members of the mob which has taken control of affairs of the county are after me, as well as other county officers." Frost says he has no intention of resigning. He says that officials caught in Teller county were forcibly taken before a committee and asked to resign their offices. "They were asked to sign a paper at a table with two ropes with a hangman's noose tied in the ends were lying," said Frost.

GOVERNOR'S DECLARATION.

Denver, June 10.—Governor Peabody says he has not declared martial law in Teller and San Miguel counties, that he has only declared them to be in a state of insurrection and rebellion. He explains that "under martial law a provost guard is appointed and all prisoners are given a military trial under this guard. Nothing of the kind has ever been attempted in Colorado. I have only arrested men and held them until I deemed it proper and wise to turn them over to the civil authorities for trial."

EXCITEMENT SUBSIDES

Mine Owners Have Everything Their Own Way in Warfare on Unionists.

Cripple Creek, Colo., June 10.—Excitement throughout the district is gradually subsiding and work was resumed to day at mines employing non-union men, which had been closed since Monday. The Portland mine resumed closed by order of General Bell and its five hundred employees will be compelled to abandon the union or leave the district.

Employers in all branches of business in this city, without exception as far as known, have signed the agreement proposed by the citizens' alliance not to employ help of any kind that is in any way connected with the district trades assembly, state federation, American Labor union, Western Federation of Miners or any kindred organization. This agreement has caused consternation among clerks and employees belonging to trade unions, as all will have to resign to hold their positions. The present state of wages will prevail and individual unions will be tolerated if they do not give aid to the Western Federation of Miners. The warfare is to be extended to every city and town in the district.

DEPORTED MINERS.

Colorado Springs, June 10.—A special train was sent to Victor to day to carry seventy-five deported miners to the Kansas line. Sixty men in the Cripple Creek bull pen were taken to the county jail to day and charges of murder preferred against them.

Syracuse, Kan., June 10.—The citizens of this county have appealed to Governor Bailey to prevent Colorado from deporting her alleged undesirable citizens into Kansas.

CORONER'S VERDICT.

Victor, Colo., June 10.—The coroner's jury returned a verdict to day that the explosion at Independence was caused by unknown persons and declared:

"Said crime is one of similar crimes designed and committed in the Cripple Creek district during the past few months and perpetrated for the purpose of intimidating non-union miners and thereby

preventing them from working and said crimes are the result of a conspiracy entered into by certain members of the Western Federation of Miners and known, abetted and furthered by certain officers of that organization."

EXTENDS TO WOMEN

Auxiliary of Miners Union Cannot Hold Meetings—Ban Removed From A. P. L.

Cripple Creek, Colo., June 10.—The woman's auxiliary of the miners' union has been forbidden by the military authorities to hold meetings.

Joseph Hamilton, chairman of the Democratic county committee, has been ordered to leave camp within four days because of his expressed sympathy with the union.

The committee having in charge the anti-union agreement have decided to expunge the American Federation from the list of objectionable unions because newspaper employees are affiliated with that body and the ban would involve suspension of papers which employ union forces.

George Kyner, editor of the Record, whose plant was wrecked by unknown persons, accepted the offer of J. R. Karr, proprietor of the Star, to use the latter's plant in publishing his paper, but was obliged afterward to refrain because destruction of Karr's plant had been threatened. General Bell has promised military protection and the Record will be issued from the Star office.

COST OF STRIKES.

Denver, June 10.—The cost of various strikes in Colorado during the past sixteen months is estimated at \$23,635,000. The state has paid \$635,000 for maintaining troops in the field. Loss to strikers and others directly affected in wages, etc., is placed at \$22,100,000.

WILL BE RELEASED.

Paris, June 10.—The foreign office has received lengthy advice from the French minister at Tangier. He says Mohammed El Torres, the sultan's representative at Tangier, has chosen his own son to proceed to the mountain retreat of Talsult, the bandit chief, and present final terms to secure the release of Perdicaris and Varley. The son has already departed on his mission. Officials expect a successful outcome.

Foreign Minister Delcasse has been informed from Constantinople the British, French and Russian ambassadors there yesterday reached a joint agreement to present energetic representations to the grand vizier to put a stop to Armenian atrocities. It is expected the joint representation on the subject will be submitted to day.

UNITED STATES UNWILLING.

London, June 11.—The Brussels correspondent of the Telegraph alleges that Secretary Hay in a recent interview with Baron Moncheur, the Belgian minister in Washington, declared that the United States was unwilling to co-operate with Great Britain against the Congo state.

MASON ANNOUNCES HIS CANDIDACY

Chicago, June 10.—"I am going back to the senate," said William E. Mason in his law office, "but I do not care to talk of details now. We are promised a primary law that will give Republicans a chance to vote directly for United States senators. All I want is a chance to go before the people and make a campaign."

AD KAN DATE COLORADO MATTER

Topeka, Kan., June 10.—Assistant Attorney General Dawson said to night that he did not see what Kansas could do regarding the action of Colorado in deporting miners into Kansas as long as these miners conducted themselves properly. If they become a nuisance they can be dealt with the same as any undesirable citizens. Governor Bailey is in St. Louis.

MUST RESIGN.

Ottawa, Ont., June 10.—Lord Dundonald, commanding officer of the Canadian militia and hero of the South African war, must resign his position or his appointment will be cancelled by the Canadian government. The cause of the rupture was a speech delivered recently at Montreal by Lord Dundonald, in which he stated that the appointment of officers in the militia was by political preferment.

FIRE LOSSES.

Warrensburg, Mo., June 10.—Fire early to day destroyed the Starks lumber yard and three frame buildings occupying a block of land in the business district. Loss, \$50,000.

REDUCE OIL PRICES.

Cleveland, June 10.—The Standard Oil company to day reduced quotations on all grades of refined oil, naphtha and gasoline half a cent a gallon.

WOODEND EXPELLED.

New York, June 10.—Expulsion of W. E. Woodend was announced on the Consolidated exchange to day, the reason given being alleged irregularities in dealings.

FOUR-ROUND FIGHT.

Baltimore, June 10.—Young Peter Jackson knocked out Joe Walcott in the fourth round to night.

INDUSTRY AND TRADE QUIET

PROGRESS OF CROPS THE CENTER OF INTEREST

A General Trend in the Direction of Improvement—Railway Earnings Show Smaller Business Movement.

New York, June 10.—Broadstreet's review of trade says: Trade and industry are quiet as a whole and interest centers largely on the progress of crops. This latter situation is not clearly defined as yet and spotted conditions are in evidence, but with general trend in the direction of improvement. Railway earnings reflect smaller movement of business in May in a decrease of 3.5 per cent from a year ago. With lower prices there has come an expansion of export trade in a number of manufactured lines, notably iron and steel, leather and lumber, but foreign demand for our cereals shows no improvement. Dry goods are slow of sale at Boston, New York and Philadelphia. The textile industries are rather quiet. The iron trade as a whole is very dull. Production is being curtailed, but stocks increased during May. Holders show little disposition to follow the market downward.

Wheat, including flour, exports for the week were 1,622,000 bushels, against 4,191,000 (this week last year); July 1 to date, 129,112,000 bushels, against 233,064,000 last season.

Corn exports, 58,000 bushels, against 825,000 a year ago; July 1, 1903, to date, 50,333,000, against 63,211,000 last season.

DUNN'S REPORT.

New York, June 10.—Dunn's review says: Current trade conditions are without change and collections are slow as a rule, but there is growing confidence in the future, dealers exhibiting an inclination to prepare for fall and winter on a large scale. There is still much complaint that the weather is unreasonable for retail distribution and payments are not prompt. Reports regarding building trades are uniformly favorable, structural work increasing as the season advances, and transporting prospects are brighter on the lakes. Railway earnings, now practically complete for April, show a loss of only 2.9 per cent compared with last year and surpass the corresponding month of any preceding year. Decline in the cost of living has continued without interruption since March 1. The list prices for iron and steel products are maintained in most cases, mainly because of agreements rather than support of consumption. Demand is extremely limited. The only new business of importance was furnished by several large orders for cars which provide a demand for plates and a desultory movement of structural steel for railway bridges and buildings at Baltimore. Other lines of finished steel are quiet. Fewer new contracts are received at shoe factories and the situation is without special feature.

Failures this week in the United States 27, against 215 last year.

KILLED SWEETHEART AND SELF.
Duluth, Minn., June 10.—George Bishop, a railway brakeman of this city, to night shot and killed Miss Laura Lee at her home in Superior and then killed himself. They had been lovers, but became separated, and to night she refused to leave her home with him. The tragedy followed.

UNDER ARREST FOR MURDER.

St. Louis, Mo., June 10.—Fred Hokoff is under arrest at Shelby charged with the murder of Peter Johnson, who disappeared in 1903. Hokoff's arrest was brought about by a claim for Johnson's estate filed by a young woman of Gibson City, Ill., who says she has just learned she is Johnson's daughter. Hokoff, who has been in possession of the property since Johnson's disappearance, protests his innocence.

BANK CLEARINGS.

New York, June 10.—Total bank clearings compiled by Bradstreet's for the past week were \$1,779,421,884, a decrease of 14.2 per cent compared with the corresponding week last year.

RUSSIAN MINISTER SHOT.

Berne, Switzerland, June 10.—Russian Minister Javitskoff was shot in the street here this afternoon and seriously injured. The would-be assassin was arrested. The latter is a Russian named Ichnitzki. He complained Russian authorities confiscated an estate belonging to him. Javitskoff's wound is not dangerous.

CURRAN'S THREAT.

New York, June 10.—Lawrence Curran, leader of the striking freight handlers, after a protracted conference with prominent labor men here, has issued a statement that he will call out freight handlers from New York to San Francisco unless the strike here is settled within three days. Curran estimated more than 50,000 will be affected if a new strike is ordered.

ENTERTAINED FILIPINOS.

Washington, June 10.—President and Mrs. Roosevelt entertained at an elaborate luncheon this afternoon the members of the honorary board of Filipino commissioners.

HAS POOR MEMORY

Millionaire Platt Unable to Answer Questions in Trial of Mrs. Elias Arrested For Extortion.

New York, June 10.—Mrs. Hannah Elias was discharged from custody late this afternoon on motion of Assistant District Attorney Rand at the conclusion of the testimony of John R. Platt, the aged millionaire who caused her arrest for extortion. To questions bearing directly on charges on which the woman's arrest had been made Platt answered repeatedly "I don't know." He did not remember whether he had given Mrs. Elias large sums of money during the past ten years, as charged, and did not remember signing certain papers in connection with his charges against her. In asking the discharge of Mrs. Elias Attorney Rand said: "I think the parties to this miserable scandal ought to be allowed to stew in their own grease."

Mrs. Elias was immediately re-arrested on a writ in the civil suit originally brought against her by Mr. Platt to recover \$65,000. She was released a few minutes later on \$20,000 bail.

CANNON'S PLAN

What the Speaker Will Do in Case He Is Nominated for the Vice Presidency.

Washington, June 10.—"I decline the nomination; the clerk will call the roll again on nomination for vice president." This is a statement of what he will do at the Chicago convention made to day by Speaker Cannon when asked the direct question: "What will you do if the convention nominates you despite your objection?" He will be permanent chairman of the convention and in a position to act as indicated.

SENT THREATENING LETTERS.

Muscatine, Iowa, June 10.—Robert Morrison, son of County Clerk Morrison, and Charles Stoker, both aged 19, were arrested to day by federal officers on a charge of sending letters to Peter Musser, a wealthy lumberman, threatening to kill him and seize his daughter unless he deposited a large sum of money in a secret place. The first letter sent ten days ago demanded \$10,000. No heed was paid to it and two more letters were sent, demanding \$4,000. Suspicion pointed to the young men arrested and to day they confessed.

KNIGHTS OF MACABREES.

Battle Creek, Mich., June 10.—The great camp of the Knights of the Macabre decided to remove their headquarters from Port Huron and moved an assessment of 50 cents to pay for a temple for the grand officers. The proposition to make separate assessments for disability fund and life insurance was defeated.

TOOK CARBOLIC ACID.

San Francisco, June 10.—Tired of army life and disappointed because his application for discharge had been refused Corp. W. H. Cawley of the Seventeenth coast artillery committed suicide by swallowing carbolic acid in the presence of his wife to day.

PEOPLE'S PARTY HEADQUARTERS.

Springfield, June 10.—The national headquarters of the People's party opened here to day. The convention will meet July 4. Among those mentioned for the nomination for president are Thomas E. Watson, of Georgia, and Samuel W. Williams, of Indiana.

APPOINTED SENATOR.

Harrisburg, Pa., June 10.—Governor Pennypacker to day appointed Philander C. Knox successor to the late Senator Quay.

The governor also announced he will not call the legislature in extra session. This means the appointment of Knox is for the unexpired term ending March 4, 1905.

VIRGINIA DEMOCRATS.

Richmond, Va., June 10.—The state Democratic convention to day declined to endorse or instruct delegates to St. Louis for Parker.

FAILED TO INDICT.

New York, June 10.—The grand jury reported this afternoon, but did not return an indictment against Mrs. Nan Patterson, who is being held at the Tombs in connection with the death of Bookmaker Young. The coroner's inquiry adjourned until Monday.

COTTON LANDS UNDER WATER.

Pine Bluff, Ark., June 10.—The levee at Hannabery, twenty miles south of here on the Arkansas river, broke to day and more than three thousand acres of cotton land is under water.

SPECIAL SERVICES.

At the First Baptist church Sunday morning service will be given over to the children of the Sunday school, who will hold the regular Children's day exercises. At the regular evening service an illustrated stereoscopic lecture will be given on the missionary work done in Burma.

JAPS CAPTURE ANOTHER TOWN

RUSSIANS DRIVEN OUT OF SIN-YEN

Plans Made for Departure of Russian Fleet From Port Arthur in Case Fortress Falls—Kurapatkin's Report.

Tokio, June 10.—General Kurapatkin reports a detachment of Japanese troops Tuesday routed a battalion of Russian infantry, with two guns, at Hattmachi, the Japanese losing three men killed and twenty-four wounded. The Japanese captured two officers and five men and the Russians left on the field twenty-three dead or wounded. They probably had seventy men.

A Japanese detachment repulsed sixty or seventy of the enemy's infantry at Lin Cha Tui Monday, and Tuesday encountered six companies of Russian infantry and 300 cavalry at Chan Chai Shih. After two hours engagement the Japanese drove the Russians off in the direction of Yung Yung Pu. Russian casualties were seventy or eighty killed and wounded. The Japanese lost four killed and sixteen wounded.

On Wednesday a Japanese detachment encountered a Russian force of 4,000 cavalry with six guns near Shuyen and drove them back toward Chimu Chang and Kuo Chou, losing three killed and two officers and twenty-eight wounded.

St. Petersburg, June 10.—There is reason to believe plans for departure of the Port Arthur squadron in event that the fall of the fortress becomes imminent have been completed. After the blockading fleet has been engaged and Russian ships will effect a junction with the Vladivostok squadron and make their way to Vladivostok. The attempt may occur at the first favorable opportunity. The squadron is useless for defense of Port Arthur, while it preserved entire or in part even the fall of Port Arthur would be robbed of much of its importance from the standpoint of Russia's future plans.

KUROPATKIN'S REPORT.

St. Petersburg, June 10.—Kurapatkin reports to the emperor that no lives were lost in the Japanese bombardment of the coast between Sanyuen and Keping June 8, on June 8, he says, the Japanese advanced against Shuyen on the south side, "but were checked by a very successful fire from our batteries. Japanese infantry then advanced against the town from the east and came in contact with Cosacks holding the pass. After two hours fighting the Cosacks were obliged to retire and our artillery opened fire along the pass, not allowing the Japanese to establish themselves. At this moment a Japanese mountain battery arrived and took a position to the south, but after firing a few rounds was silenced by our battery. A second Japanese battery did not succeed in getting into action, but was compelled to evacuate its position under fire of our guns."

"In the course of the night a flanking movement by several battalions of Japanese infantry was observed northeast of Shuyen, threatening our line of retreat. Consequently our Cosacks gradually withdrew five miles from Shuyen, keeping up their fire from a battery on a dense column of the enemy at a range of 600 yards. The fire slackened about five in the afternoon. Among losses were Chernomyshev, chief of Cosacks; Cornet Komarovskii and Lieutenant Colonel Possokhoff."

Reporting on the Salmatze affair of June 7, Kurapatkin says that a Russian outpost being attacked, reinforcements were sent up. About the same time Japanese reinforcements appeared and the commander of the Russian detachment ordered a retreat toward Pechenly pass. Russian wounded included Captain Makharoff and Lieutenant Bonitski. About one hundred men were killed or wounded. The enemy suffered severely.

St. Petersburg, June 10.—The Japanese have taken Siu Yen, driving the Russians out. The enemy appears to be advancing on Hal Cheng.

St. Petersburg, June 10.—General Kurapatkin's reinforcements are being pushed eastward. The first division of 20,000 men in the tenth army corps has crossed the Ural mountains and following them is a continuous stream of troop trains.

London, June 10.—The Mail's Chefoo correspondent says:

"The Japanese consul has discovered that a wireless telegraph apparatus is attached to the night time to the Russian consular flagstaff here and the consulate is in communication with Port Arthur."

Seoul, June 10.—The Russian demonstration in northeastern Korea in the province of Ham Heung seems nearly ended, all Cosacks having retired north of that province. It is thought the Russians are probably making a gradual retreat to Vladivostok, gathering provisions en route.

Tokio, June 11, noon.—Admiral Kataoka reports on Wednesday and Thursday last he discovered and destroyed sixteen mines in Taten Wan bay. A landing made at Takakao showed that the pier was unguarded and two large reservoirs were in sight.

COLORADO TRAIN BOYBOMBERS.

New Castle, Colo., June 10.—The first

information received to night is to the effect that the peace party among the two remaining Denver & Rio Grande bandits has not been within rifle range of them to day. It is now believed the bandits have escaped.

WAR REPORTS.

Seoul, June 10.—A force of Russian troops, strength unknown, is reported to have arrived at Pen Yong and to be moving west.

LAND WITHDRAWN.

Washington, June 10.—The secretary of the Interior to day withdrew from possible settlement 32,000 acres of land in southwestern Colorado on which it is proposed to establish a national park for the protection of ruins left by the cliff dwellers of that region. The bill creating the park passed both houses of congress at the last session, but for lack of time was not agreed to in conference. To day's withdrawal is in anticipation of favorable action at the next session. The land is all located on the tableland known as Mesa Verde.

AN ABSURD STORY

Ambassador McCormick Denies He Is Coldly Treated by Russian Society.

St. Petersburg, June 10.—Ambassador McCormick says the story is absurd that he has been coldly treated by Russian society because as a part of his official duties he takes care of Japanese interests more as a consequence of supposed friendliness in the United States toward Japan. The story may have been derived from the fact that the lease of the Lucheng palace, where the ambassador has been living, and where the offices of the embassy have been for six months, expires July 1 and has not been renewed.

Y. M. C. A. OLYMPIC MEET.

The physical director of the Y. M. C. A. has received entry blanks for the Olympic events at St. Louis, to be held Aug. 29 to Sept. 3. He also has blanks for entries for the Y. M. C. A. meet to be held from Aug. 15 to Aug. 20. There will be teams from associations in the various meets. On Monday, Aug. 15, there will be basketball competitions; on Tuesday, the 16th, the Pentathlon championship for teams of four men; on Wednesday, the individual gymnastic championship; on Thursday, Y. M. C. A. handi-cap meet; on Friday, the athletic team championship, and on Saturday, the Y. M. C. A. championship meet. It is not known yet whether the local association will be represented, but they have men who would show up well in some of the events.

The junior department of the Y. M. C. A. will have a hiking trip this afternoon. They will leave the rooms at 1 o'clock for some point of interest and will return in the evening.

CHILDREN'S DAY AT CENTENARY CHURCH.

In the morning Rev. A. L. T. Ewert will preach a sermon illustrative of the workings of sin; how that for quite a while sin may not be recognized by appearances, but how, nevertheless, it is there. Then he will show how it must be removed from within. The sermon is illustrated by chemicals and should be seen by all the boys and girls, as well as the older people. Also a class of new children will be presented to the Lord in holy baptism.

In the evening will occur the Sunday school concert, which is always of supreme interest. This, too, will take place in the auditorium.

CHRISTIAN CHURCH.

Offerings for home missions will be received from the Sunday school and church in the morning. Let each member make a contribution. The pastor will preach at 10:30 a. m. on the subject, "Children's Rights; a Plea for the Boys and Girls."

Children's day exercises in the evening. The children will receive an offering from all who attend in the evening. Bring a silver contribution. All who have flowers bring them in the morning.

Mrs. Sara Jane (Mathews) Rice will sing at the morning service.

FOURTH INFANTRY ELECTION

The fourth infantry Illinois national guard, elected officers in Peoria Thursday. J. Mack Tanner, colonel of the regiment, presided. E. J. Lange, of Jacksonville, was chosen lieutenant colonel; Claud E. Ryan, Effingham; E. P. Clayton, Vandalia, majors. Twenty-four officers were present.—Springfield News.

TEN YEARS IN BED.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a God-send to me." Said by J. A. Olmeyer, City Drug Store.

YATES HEADS DELEGATION

MAY BE CHAIRMAN OF NATIONAL REPRESENTATION

Is Inebriate to Federal Crowd and President to be Shown State Politics Cannot be Dictated From Washington.

Chicago, June 10.—The Chicago Daily News last night said:

"For chairman of the Illinois delegation at the Republican national convention Gov. Richard Yates."

"For national committeeman—Charles G. Dawes or Frank O. Lowden."

"Gilt and wormwood, represented by Richard Yates, and a taste of political soothing syrup, as typified by Charles G. Dawes or Colonel Lowden—this is the bill of fare that the Denney-Yates-Sherman combine proposes to serve up to the president of the United States and the 'federal crowd' at the Republican national convention, which will be called to order in Chicago June 21."

FOR ROOSEVELT TO THINK OVER.

"It may be stated on the authority of a close political ally of Charles S. Denney that one of the reasons for the support of the governor for the honorary position of chairman is that the men who were supreme on the seventy-ninth ballot of the recent dedicated state convention intend to show the president and his personal followers in Illinois that Republican politics of this state cannot be dictated from Washington, D. C., and the often-repeated declaration of the federal forces at Springfield that 'Dick Yates must not be re-nominated' is resented by the rank and file of the new state organization, regardless of their own views of Yates."

"I understand that the Sherman men are with us in support of the governor for chairman," said a local leader to day, "and we believe, in view of the recent performances at Springfield of the federal senators and their retinue and the president's subordinates, that the entire federal crowd should have an object lesson which it will not forget. It was not a question of whether they were right or wrong in their opposition to Yates. The important thing is that the federal officeholders from the president down shall be taught that Illinois Republicans can and will run their own politics."

BASE BALL SCORES

NATIONAL LEAGUE.

Brooklyn, June 10.—The locals could not hit Nichols and St. Louis won.

Brooklyn	3	3	3
St. Louis	4	6	4

Batteries—Garvin, Duescher, Jones and Bergen; Nichols and Grady.

Boston, June 10.—Flaherty pitched winning ball for the visitors against Boston to day.

Boston	1	6	1
Pittsburg	3	9	3
Batteries—Fittinger and Moran; Flaherty and Smith.			

New York, June 10.—Matthewson held Chicago to a single hit to day and New York won.

New York	5	6	1
Chicago	0	1	4

Batteries—Matthewson and Byrman; Welmer and Kling.

At Philadelphia: Postponed; rain.

AMERICAN LEAGUE.

At Cleveland—

Cleveland	3	8	3
Philadelphia	1	3	1

Batteries—Hernlund and Abbott; Henley and Schreck.

At Detroit—

Detroit	1	6	1
Washington	4	12	0

Batteries—Stovall, Kilham and Buelow; Jacobson, Patten and Drill.

At Chicago—

Chicago	5	7	2
New York	10	9	3

Batteries—Whitely, Owen and Sullivan; Powell and McGuire.

At St. Louis—

St. Louis	1	9	3
Boston	7	12	3

Batteries—Rivers, Morgan and Sugden; Young and Clegg.

"THREE-EYE" LEAGUE.

At Springfield—

Springfield	2	7	2
Decatur	0	5	1

Batteries—Conover and Latimer; Veigand and O'Connor.

At Rockford—

Rockford	11	17	3
Dubuque	10	11	5

Batteries—Graham Melvin, Baker and Hoesser; Cook, Thiley, Smith and Mulcahy. Ten innings.

DEATHS.

Paris, June 10.—Miss Lena Morton, aged 27, daughter of Levi P. Morton, of New York, died this morning from effects of blood poisoning following an operation for appendicitis.

Topeka, Kan., June 10.—C. P. Dewey, of Manhattan, millionaire ranchman, is dead at Wheeling, W. Va., according to a message received here. His son Chauncey Dewey was recently acquitted of murder of the Berry boys in northwest Kansas.

GROCERIES OF THE GREEN KIND

all fruits and vegetables in season—a special feature with us. See what we have to show, place a trial order with us and your satisfaction will be complete. We are prompt in calling for filling and delivering all orders. Everything in the staple and fancy grocery line here.

The Up-to-Date Grocers, Franz Bros

The Old and the New

The poet sings, "Old things are best," but the housekeeper thinks differently.

Our New, Complete Sanitary and Labor-Saving Plumbing and Supplies are appreciated more, perhaps, than any device this century of civilization has given.

Our work gives satisfaction.

Landers, Keefe & Co.

Pickles

A large quantity of fresh assorted pickles of all kinds just received.

No finer in the city. See them to day.

Fresh vegetables always on hand.

GROVES

221 West State.

Keep Your Homes

Constantly in repair and it will be a long time before you need new ones.

The Heath & Milligan Best Prepared Paint

Repairs all bad appearances and is endlessly useful; decidedly practical, most economical and truly beautiful.

Screen Doors and Windows

Do not become tacky, do not rust, do not warp and split, last three times as long and always look new when the Heath & Milligan Screen Door Paint is used on them made in green and Black.

SOLD ONLY BY

Sutter & Lonergan,

North Main St

:-:

Jacksonville, Ill.

LARGEST LUMP EVER MINED.

Divernon, June 10.—The largest lump of coal ever mined in Illinois and perhaps the world has been hoisted to the surface from the depths of the shaft of the Madison Coal company's mine at Divernon.

The colossal lump was carefully carved from the bowels of the earth. It was a great task and necessitated no small expense and inconvenience to the mine. An electric chain machine was employed in the cutting through the walls of the coal and finally severing the great lump from its solid home in the earth.

The lump was boxed up in the mine to keep it intact and prevent it from disintegrating when jarred. So huge was the lump and box that the case had to be removed and special hoisting apparatus was employed to bring the lump to the surface. The lump was cut just so that it fit in the shaft without interference and could thus be hoisted.

The lump will be shipped to the world's

in immediately for exhibition.

WAS WASTING AWAY.

The following letter from Robert R. Watts, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Sold by J. A. Obermeyer, City Drug Store.

For sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all leading druggists.

GIRL STRICKEN BLIND.

Portia, June 10.—Myrtle Berry, aged 18, a pupil of the high school, has been stricken with total blindness. She was affected without warning and was led home from the high school, where she was a student. She is now being kept in a closely curtained room at her home and the best specialists of Portia are trying to restore her sight.

Miss Berry is a bright, energetic girl, but it is not being necessary for her to wear glasses. Physicians in attendance have pronounced the disease to be keratitis, an affection rather of the entire system than of the eyes themselves. It manifests itself in the blindness of the system.

IF YOU HAVE DYSPEPSIA READ THIS.

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or in liquids, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick headache, it does not cure. Stop taking the drug and the pain and distress return. The only Common Sense Method is to drive out of the system the cause of dyspepsia and sick headache by cleansing the stomach and bowels and at the same time using a medicine that will act upon the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c a box. It only takes one will for a dose. For sale by Lee P. Allcott.

FUNERALS.

STEWART.

The remains of Miss Nola Stewart arrived in the city Friday morning via the J. & St. L. From the station the remains were taken to Jacksonville cemetery, where brief services were held in charge of Rev. R. E. Thrapp. Before arrival here funeral services were held at Lowder, Rev. Mr. Duncan officiating. The numerous floral offerings were in charge of Miss Elsie Crouse and Mrs. Emma Crouse. The bearers were: Dink Lyons, Bert Bady, Alex Crouse, Arthur Drury, Walter Bryant and Carl Stockdale.

SHREWSBURY.

The funeral of the late David Shrewsbury, which took place at the family residence Friday morning, attracted a large number of sympathetic friends and relatives. The services were in charge of Rev. Messrs. J. R. Kaye, of Lincoln; A. B. Morry and C. M. Brown, of this city. Excellent music was supplied by a special choir, consisting of Miss Marie Finney, Mrs. William Hoge; Messrs. C. L. Hayden and Frank Ploner. The choir sang that sweet hymn, "Come Unto Me, When Shadows Deeply Gather," after which Rev. C. M. Brown read suitable passages of scripture. Rev. J. R. Kaye, of Lincoln, pastor of Mr. Shrewsbury for the past three years, then spoke of the life and character of the departed one. Of his remarks, a short extract is given:

"I take for my text the words of Isaiah, 'Then will keep him in perfect peace, whose mind is stayed on thee.'"

"Peace, perfect peace, is a story of faith briefly told. For the past three years it has been my pleasure to be the pastor of Mr. Shrewsbury and I have had ample opportunity to know him and his beautiful character and perfect faith in the blessed Redeemer. He has left a precious heritage to his loved ones, a possession which cannot be weighed by the standards of this world, but will endure long after earthly things will be no more. It is a simple thing, this perfect faith and trust, and his life was a constant exemplification of it. His relations to the church, to Christianity, to Christ and the cross all told of the faith that was in him. The power of God was realized in him especially during the latter moments of his life. He was not anticipating death and supposed that he would soon be up and about his usual duties. We who were with him knew he could live but a few hours; yet it was deemed wise not to apprise him of it. Had he known the end was so near he would have spoken of the change and of his abiding faith with greater force and power, but as he felt he would recover he spoke of his feelings as they always were and when I asked him how about his faith in the Redeemer, he replied with animation that all was well with him and his Savior ever near and precious. He had been ill but a few days but from the start there was no hope. Pneumonia had found in him one unable to resist and he failed steadily from the first. The morning before he passed away I talked and prayed with him and he thanked me for it and the comfort it gave him, and I remarked to him that he knew wherein were his faith, his hope, his joy, and he replied in the Master. This was a life exemplifying the truth of Christianity, for he was thoroughly established and it stands a fine monument to his memory and to what grace can do for us. Jesus has taken him as a dear child and nothing can be compared with the blessed heritage which is his. The calm, definite, well grounded con-

viction of what faith will do for a man is well set forth by Paul, when he says, 'I know in whom I have believed.' Our brother saw and realized this truth, and as his soul left the earthly tenement angels swopt their harps of gold; heavenly choirs sang a glad welcome, and celestial spheres were richer by the entrance of a new life, transplanted and awaiting us who loved him so tenderly. May we all carry on this faith in our lives even to eternity. Angels came within our home and so lightly did they tread that we were not aware of their presence until they took away our beloved one, not to death, but to a blessed, eternal life where living waters flow.

"God bless this home, comfort the wounded hearts and cause the life of heaven to be with it ever." That ever precious hymn, "My Faith Looks Up to Thee," ended the exercises and the remains were tenderly borne to the station by Messrs. James T. Barrows, Thomas Rough, Eli McLaughlin and S. W. Nichols, followed by a procession of vehicles. A profusion of flowers, loose and in various forms, testified to the great esteem in which the deceased was held by those who knew him, both here and at Lincoln. The casket was accompanied by the family and relatives to Arenzville for interment.

David Shrewsbury was born near Arenzville, March 28, 1851, and followed farming during his early life. He received a school education and also that of the Business college in this city, Jan. 17, 1878, he was married to Miss Louisa Heinz, of Arenzville, and continued to live in that vicinity for two years, when he went to Russell, Kans., where he lived fifteen years, after which he came back to Illinois and has since made Jacksonville his home. For a while he was in the restaurant business on South Main street, and for the past three years has been supervisor of the boys' department at the Institute for Feeble Minded at Lincoln. All his mature life he has been much handicapped by rheumatism, which disabled him largely from many kinds of employment, though he was always industrious and when unable to do one thing, was eager to turn his hand to something else. While in Kansas he was for a number of years postmaster and held other positions of importance and always performed his duties with fidelity and ability. He was a Christian gentleman and well respected by all who knew him. His upright character and correct deportment won for him the esteem and kindly regards of many friends. He was attacked Friday, the 3d of June, with pneumonia, and from the first there was no hope of his recovery. He had not the strength to throw off the matter that accumulated on his lungs and they gradually filled up until the end came on the Wednesday following. His dutiful daughter, Elsie, was employed as nurse in the same institution and everything that human skill and love could suggest she did for her father, who blessed her for her devotion. His pastor in Lincoln, Rev. J. R. Kaye, and those connected with the institution, and many about the city vied with each other in deeds of kindness, for he was one greatly esteemed and beloved. His wife was summoned to his bedside the day before he died, but owing to a mistake in the dispatch she failed to receive it in time. When the casket was taken to the station to be sent home the platform was crowded with sympathetic friends, and in this city were many ready to show all possible kindness and attention. He leaves a wife, four daughters, Elsie, Amelia, Charlotte and Bessie; two sons, David and Louis. His brothers are: George W., of Illinois; Lyman, of California; Milton B. and Henry, of Arenzville; one brother, William, is dead. His sisters are: Mrs. Cordelia Leeds, of Illinois; Martha Allen, of Leesburg, Ky.; Arilla Lorr, of Lakewood, Ill.; Florence is dead. He was especially affectionate in his family and his home life was beautiful. Love prevailed and sad are the lonely hearts left by him.

ROBERTS.

Funeral services over the remains of T. J. Roberts were held at the residence, 512 South Fayette street, Friday afternoon at 2:30 o'clock. The services were in charge of Dr. H. H. Oneal, while the flowers were cared for by Misses Mollie Donovan and Lucy Burns.

After the services at the house, the cortege moved to Jacksonville cemetery, where the last sad rites were performed. The bearers were: J. B. Williamson, J. H. Cannon, James Hall, Joseph Shuff, W. H. Barrett and Verein Daniels.

Mr. and Mrs. J. J. Collins and Mrs. A. G. Baldwin were in the city Friday, enroute from Waverly to San Francisco. They have been guests at the home of George Wiswell, of Waverly. Mr. Collins and Mrs. Baldwin formerly resided here.

DECISION AFFIRMED.

Des Moines, June 10.—The Iowa supreme court to day affirmed the decision of the lower court prohibiting the sale of colored automobiles, unless state laws are complied with. The suit was brought by the Iowa dairy commission against the Armour Packing company and was in the nature of a test. The Armour company contended that their milk was made the color of yellow butter through natural processes and manufacture and that therefore their milk was not compelled to comply with the law. The court held that it was not and that the law was unconstitutional and void.

SPECIAL TAXATION NOTICE.

Notice is hereby given to all persons interested that the city council of the city of Jacksonville, having ordained that a brick street pavement be constructed on South Church street, in said city of Jacksonville, beginning at the intersection of said South Church street with the south line of West College avenue, and running thence south to the intersection of said South Church street with Morton avenue, for a width of fourteen feet on either side of the center line thereof, together with the intersections of streets and alleys intersecting the same; the ordinance for the same being on file in the office of the city clerk, and having applied to the county court of Morgan county for an assessment of the costs of said improvement, according to benefits, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 27th day of June, A. D. 1904, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Said special tax shall be divided into ten installments, which installments shall all be equal in amount, except that all fractional amounts shall be added to the first, and shall be due and payable on the 2d day of January next after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments shall bear interest at the rate of 5 per cent per annum.

George L. Merrill,

Commissioner.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women; regulates bladder troubles in children. If not sold by your druggist it will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. A. Obermeyer, City Drug Store.

READ THIS:

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with little benefit. I was recommended to try a bottle of Texas Wonder. Hall's Great Discovery, and will cheerfully testify to the public that it did me more good than all things else put together and am altogether another man. I have persuaded many of my friends to try it.

LOST—Pass case containing railroad passes and money. Liberal reward for return to Journal office.

RAILROAD TALK

Arrangements Nearly Completed for New Freight Depots at Wabash and C. & A. Railroads

It begins to look as though the Wabash might at last build a new freight depot after twenty years of talk on the subject. Arrangements are under way for the construction of a modern, up-to-date, complete-in-every-particular, commodious and ornamental structure, on or near the site of the present old landmark. Such an improvement would be welcomed with delight by the patrons of the freight office as well as by all others who handle freight there. It is understood that this time it is a "go."

It is also said that the C. & A. Railroad company has appropriated a sum of money for the construction of an office for storing and handling of freight that will be vastly superior to the present facilities. The cash for the properties purchased within the past nine months has been paid and is said to have been part of the total appropriation for improvements contemplated in this city. Whether this new structure will be put on the new properties lying adjacent to the railroad between East College avenue and the brook, or on the west side of the right of way, or whether this land has been chosen as the site of a new, convenient, sanitary and up-to-date passenger station, cannot yet be ascertained, but the probabilities favor the latter.

BRILLIANT CONCERT

GIVEN BY PUPILS OF MISS TANNER

Friday Evening at Congregational Church—Church Beautifully Decorated and Large Audience Present—Fine Program.

The concert given by the pupils of Miss Mary Tanner at the Congregational church Friday evening was one of the most delightful musical events of the year.

The large auditorium of the church was taxed to its utmost capacity by an audience that manifested a high appreciation of the program by hearty and sincere applause. The front of the church presented a beautiful appearance and was handsomely decorated. The large pipe organ was hidden beneath a mass of asparagus and syringas with cluster bouquets of peonies arranged so as to give a most artistic color effect. A large platform had been built in front of the pulpit and palms and potted plants were here arranged with excellent taste. At each side of the platform were bouquets of roses and carnations.

The program opened with a chorus number, "Gloria in Excelsis," that was given with fine effect and exhibited the splendid training the members had received. The ensemble work was excellent; the parts were well balanced; their attack was true, and their enunciation clear and distinct.

The second number was a solo by Mrs. Lillie Allen Kyle, of Newman, Ill., who sang in a most pleasing manner and with excellent expression. She sings with keen musical perception and has a voice of rich quality.

"The Muletier of Tarragona" was given splendid interpretation by Mr. Edward T. Brown, who sang with ease and grace and with faultless enunciation.

Miss Clara Belle Anderson was next heard in a double number and sang most acceptably. She has a voice of pleasing quality and uses it most intelligently.

Mr. Ward Newman sang a double number, "Turn Ye to Me" and "Si Meus N'etiez Pas si Jolie." He possesses a tenor voice of splendid volume and his tones are full and well rounded.

Miss Lillian Boehm, of Whitehall, was next heard in a recitative and aria number that was most beautifully sung. Miss Boehm possesses a voice of rare sweetness and the purity of her tone is remarkable. In addition to splendid quality she sings with fine feeling and sincere expression. Her runs and trills evidenced great technical ability.

The first part of the program was concluded by Mr. James Ellis Newman, who sang the "Toreador's Song" from Carmen. Mr. Newman has a rich bass voice of great power. He sings with enthusiasm, throwing his entire personality into his work, and the effect is most successful execution. The audience was especially pleased with his solo last evening and he received well merited and prolonged applause.

The second part of the program opened with a quartet number, "Ballad of the Oysterman." It was given an artistic interpretation and was well received by the audience.

The "Two Grenadiers" was then sung by Mr. Jay Earl Wemple in a manner that called forth great ap-

plause. Mr. Wemple has a voice of wide range, which he uses in a most effective manner. His solo was well given. Miss Mabel Frederica Jones, who has an exceptionally clear and beautiful voice, next delighted the audience with a most perfect interpretation of Gounod's "Ave Maria." The number was given with organ and violin accompaniment and was indeed one of the most enjoyable numbers on the program.

Miss Metta Chapin, of Whitehall, whose musical ability is quite marked, was heard in a double number, "Ere You Come," by White, was first given and this was followed by a "Lullaby," written by Pizzi. The lullaby was sung with organ and violin accompaniment and the effect was grand. Miss Chapin has wonderful control over her voice and sings with excellent taste, accuracy of tone and freedom of execution.

Miss Bertha Anderson, another of the advanced pupils of Miss Tanner, appeared before the audience in a number entitled "Valse Lente." Miss Anderson sings with a great deal of feeling and has a sympathetic interpretation that delights here hearers. Her solo was given with ease and grace of manner.

Miss Julia Edna Hatch, the last soloist to appear on the program, was heard in a group number. Miss Hatch is one of the most expressive vocalists in Jacksonville and her singing is always marked by the highest intelligence and finest technical ability. She sings with intense earnestness and her numbers were all given a most true and artistic rendition.

The concluding number on the program was the "Miserere Scene from 'Il Trovatore,'" most difficult of interpretation. The part of Leonora was taken by Miss Chapin and the part of the Troubadour by Mr. Robinson. The demands upon the soloists are exceedingly exacting, but were met with remarkable ease and accuracy, while the sustained work of the chorus and accompanists was given with equal precision and effectiveness. The program in its entirety, both as to selection and execution, was one of the most pleasing and showed musical taste of a high order.

The individual work of the soloists was also of a character that is deserving of the highest commendation. Miss Frances Melton was the accompanist of the evening and to this most trying and difficult of positions she brought musical ability and skill that was of a high order. Miss Melton is indeed one of the most accomplished and talented pianists of Jacksonville and she possesses that rare gift of always keeping in perfect accord with the soloist.

Mr. J. Philip Read was at the organ and the sonorous notes of the instrument pealed forth in harmonious union with the voices of the chorus and the orchestral accompaniments.

The program was as follows:

PART I.
Gloria in Excelsis—from Mass in B flat Chorus.

Cavatina—Non Fu Sogno from Lamentations—Verdi.

Mrs. Lillie Allen Kyle, The Muletier of Tarragona—Paul Henrlon

Edward T. Brown.

DR. C. W. CARSON

The Regular and Reliable Chicago Specialist.

June 14th

Consultation Free.
Third year in Jacksonville.

The most reliable and successful specialist in diseases of MEN AND WOMEN has visited Jacksonville since 1900, curing the cases he undertakes and reduces a fee from the incurable. This is why he continues his visits year after year, while other specialists have made a few visits and ceased to return.

NERVOUS DEBILITY.

Are you nervous and dependent, weak and debilitated; tired mornings, no ambition—less; memory poor; easily fatigued; excitable and irritable; eyes sunken, red and blurred; pimples on face; dreams and night losses; restlessness; haggard looking; weak back; deposit in urine and drags at stool; distant, faint, want of confidence; lack of energy and strength? The Carson System will cure you or no pay.

Dr. Carson through years of experience has perfected the most infallible method of curing all diseases and weaknesses of men, youthful follies and all effects of abuses and excesses, improper life and solitary habits which ruin both mind & body unfitting for business, study, society or marriage. A perfect restoration guaranteed under legal contract in writing backed by abundant capital to hold for my promise. It costs no more to employ an expert than to risk your life with an inexperienced quack.

ALSO CURE ALL CURABLE DISEASES OF Ovaries, Endometrium, Uterus, Throat, Lungs, Liver, Kidney, Heart, Stomach, Bowels, Bladder and Skin Diseases by a treatment that has never failed in thousands of cases that have been pronounced beyond hope.

To those malade alone I have earnestly devoted 20 of the best years of my life. Physicians having failed to cure you, I am now ready to cure you. I make no charge for consultation. No cases treated by correspondence and no O. D. schemes. Reference: Central Bank, Chicago address: C. W. CARSON, M. D., 148 Oakwood, Chicago, Ill.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A corn course business, Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich.

RUSSIA'S POPULATION.

The population of the Russian empire surpasses Japan nearly threefold. According to the census of 1897 the empire had 129,562,718. Within the last half century the increase in population has been tremendous. In 1815 it was estimated at 45,000,000. At the present time it is nearly 150,000,000.

According to its different divisions the population was distributed by the census of 1897 as follows: European Russia, 107,000,000, including 9,500,000 Poles and 2,500,000 Finns; Caucasus governments, 9,300,000; Siberia, 5,730,000; Central Asia, 7,720,000. In European Russia the average annual increase of births over deaths, according to the new International Encyclopedia, is 2,000,000 souls.

The empire has seven cities with a population of over 200,000, and they are: St. Petersburg, 1,480,570; Moscow, 1,117,245; Warsaw, 641,936; Odessa, 414,218; Lodz, 316,145; Riga, 260,717; and Kiev, 255,699.—Boston Transcript.

The Solar Salt Industry.

The solar salt industry, which at one time was a great business in Onondaga county, N. Y., has been almost wiped out by the competition from the west, but there are still in operation in New York a few plants where salt is obtained by the solar process. In this industry it is necessary frequently to manipulate the covers of the vats wherein the brine is in the course of evaporation, and as the vats are quite numerous the services of many men are required for this work. Judge William G. Cady of Syracuse has recently invented a method of operating these covers by horsepower, so that one animal and a boy can move 160 covers in six minutes. This represents the work of ten men. It is estimated that this device represents a saving of 90 per cent in the labor employed around one of these establishments. It is said that it will be the means of reviving the old industry in this part of the country.—Exchange.

Chinese and the Plague.

The susceptibility of the Chinese to the plague is proved by the fact that China and Mesopotamia were the two great world centers of the disease before India became infected. For the past forty years plague has been endemic in the mountains of Yunnan, and there was a virulent outbreak there in 1871-73. In 1894 there was a severe epidemic in Canton, which is said to have caused 100,000 deaths, and spread in the same year to Hongkong. It is from Hongkong that the infection is said to have spread to Bombay, which was just catching Calcutta at the time in the race to be premier port in India. Since then Calcutta has gone ahead, and Bombay has hopelessly receded, owing to seven years of plague.—London Chronicle.

A Monte Carlo Story.

Count Markosky, a Hungarian, has been amazing all other gamblers at Monte Carlo. For a week after he arrived there he hardly won a bet, though most of his time his stake was the maximum, about \$2,400. After losing a fortune he left the trente et quarante tables and tried roulette, but with the same result. With an imperturbable face he lost daily many thousands of dollars. The habitues of the rooms quickly began to win by backing the opposite number or color to that chosen by the count. Two days before his departure, however, his luck changed, and it is reported on good authority that he made up all his previous losses and went back to Hungary with \$300,000 to the good.

Champion Smokers.

Since 1900 M. Ruthal, a Silesian, has been champion of the world, so far as smoking cigars is concerned. On several occasions he has smoked eleven cigars in two hours, and no one living, it is said, smokes as many cigars in a year as he does.

Among those who smoke pipes M. Van Eecke, a Belgian, easily holds the first place. Others may consume more tobacco in a year than he does, but no one, it is claimed, can get as much enjoyment out of a pipeful of tobacco as he can, for he can smoke steadily for two hours and seven minutes without refilling his pipe or letting it go out.

Rabbits in Australia.

An injurious implement for use in the perpetual warfare which the Australians are forced to carry on against the swarms of rabbits which infest that country has lately been experimented with at Victoria. It consists of a cylinder filled with poisonous liquid, with a foot plate attached to it, which is placed in any thickly infested spot. As soon as a rabbit presses the plate it opens a valve which sprinkles the animal with some of the poison. The rabbit then licks the poison off its fur, and the farmer is relieved of one more of his pests.

ADVENT OF THE JAPANESE.

A Tribute to the Progress of the Slant Eyed Race.

The furlous Goth and fery Hun
Are filling the world with alarm no more;
They have had their innings; their course
Is run.

As with the good preacher, "They've gone before,"
The Moor has been robbed of his power
To spread confusion and terror and corpses, and men
Are declining to harbor the foolish old dread.

Of the prophet mad, horrible Saracen,
They have passed, they are through, they have had their day,
Who once were so proud and who went
Now the time is at hand to be making way.

For the little old slant eyed race,
Spain's galleons lie on the floor of the sea;
Her flag is no longer a symbol of might,
The Corsair has ceased to sail furiously
Through the mists where the treasure ships have in sight.

The Norseman boasts not of his rule o'er the deep;
The Viking no longer flings scorn at the sea;
The Dutchman who once swept the sea
Is now a prey to the pirate's crew.

There is rust on their anchors and mold
On their sails,
They have gone the old course, they're
Traditions today.

Who, each in turn, was supreme for a space,
And 't was up to the world to be making way
For the little old slant eyed race.

The Slav and the Czech have but dreams
Of the past;
Nor power nor glory their future contains;
For the Gaul, once so splendid, the die
Has been cast.

Daily his glory, his influence wanes,
The Teuton and Saxon likewise may prepare
To quietly occupy seats in the rear.
They are prominent now, and they proudly
Declare:

That the doom of the ones who oppose
Them is near.
But their boasting is vain; they will wake
Up some day.

To discover that Europe's a second rate place,
For it seems to be time to be making way
For the little old slant eyed race.

The nations gain power, and then they
Descend;
Only ruins are left where the Ptolemies
Once reigned.

For glory and pride there is always one
End:
Time levels the towers that men have
Made high.

Amyrion and Persian and glorious Greek,
Each in his turn has been great and has
Passed;
Where the proud Babylonian feasted men
Seek

For the ruins of splendors too worldly
To last.
The nations, like fruit, but get ripe to decay;
It always has been and it still is the case.

Ho, fellow Caucasians, be making way
For the little old slant eyed race!
—S. E. Kleier in Chicago Record-Herald.

SOCIETY GOWN MAKERS.

Young Women of Indianapolis Have a New Fad.

A school for teaching the art of constructing tailor made gowns has been opened in Indianapolis, Ind. There are few pupils in the school who are really pupils in the strict sense of the word, says a dispatch from that city. One or two are taking the full course with the idea of becoming dressmakers, but most of them are society girls who have a fancy for making their own clothes and find the work under instruction much more satisfactory than their own unaided efforts.

"It's lots of fun, really," said one girl, who has taken one of the shorter courses and emerged with a handsome black tailor suit. "There are always ten or twelve girls, you know, and we have a lot of fun gossiping. It isn't like breaking your back all alone in your sewing room and getting tired to death because you're nothing to think about but your sewing."

Planting Acres of Walnut Trees.

Ten acres of walnut trees have recently been planted on the Indiana forestry reservation by Secretary Freeman of the state board of forestry, which are expected to develop into valuable property. In the planting of the seeds the utmost care was taken that they would have the best chance to develop. In preparing the soil Secretary Freeman broke the ground with a sort of heavy sled made of beams and iron, to which was attached a sharp steel plow. The walnuts were buried in sand last fall to permit the outside hull to decay and thus facilitate the growth when the seeds were planted permanently. They are expected to be up in a short time, while had they been planted without any preparation it would have been two years before the sprouts appeared above the surface.

Need of Herb Farms.

Medicinal herb farms will become a necessity in the United States, says the New York Tribune. Spigelia (pink root), serpentaria and senega (the two varieties of snake-root), which were formerly found in abundance wild in Maryland and other Atlantic states, are becoming scarce. Senna, colocynth, gentian and the poppy have been grown to some extent, and digitalis purpurea (foxglove), atropa belladonna (deadly nightshade), sanguinaria canadensis (bloodroot) and cimicifuga racemosa (black cohosh) have been grown experimentally. Farmers near Kalamazoo, Mich., raise annually 40,000,000 pounds of peppermint. Valerian is a wild product of Vermont.

Parliamentarian in Hunting Dress.

All sorts of sartorial eccentricities have been seen in the British parliament in recent years, but the other night was the first occasion on which the scarlet coat of the huntsman has been seen on the floor, says a London cable dispatch to the Chicago Inter Ocean. The daring innovator was Sir P. Muniz, whose appearance after dinner at the "Fishmongers' hall," "like a royal coachman," as one member expressed it, excited the hilarity of members in the lobby.

AGAIN TRUTH BEATS FICTION.

Wonderful stories are often related of the loss of precious articles and their marvelous recovery, such as the dropping of a watch overboard while fishing and later recovering it from the stomach of a pike; dissecting gold rings from the "innards" of trout which snapped the glittering toy before it reached bottom; digging a set of false teeth, lost when bathing, from the stomach of a catfish, etc. But truth is stranger than fiction. Anybody who will can lie, but here is a true story of James H. Prentiss of Ann Arbor, who, while fishing at Zukee lake, lost the \$200 setting to his diamond ring. Hoping that the glitter might have attracted a bite from a pick-crel, which grabs greedily for a flashing spoonhook, every fish caught was carefully dissected, and Prentiss had just about given up hope of beholding his \$200 sparkler again when, as the last fish had been ripped up the front, he hanged if the gem wasn't found wedged between two boards in the bottom of the boat!—Detroit Tribune.

Pay in Parliament.

There is a strong feeling in England against the payment of members, on the ground that it would tend to create the class of professional politicians seen in foreign countries and our colonies. Its absence obviously tends to restrict membership of parliament to the well to do classes, and as a matter of fact these enjoy an overwhelming representation in the house of commons, the labor members, whose expenses and a modest salary are provided from some organization of the classes they represent, being at present a small but happily an increasing group. To compel a candidate to pay the cost of counting the votes which send him to serve the nation in parliament is preposterous, and, after taking safeguard against a superfluity of candidates, the system will probably soon be abolished.—Henry Norman in Century.

Very Soft.

Ex-Senator Mason of Illinois, according to the Troy Times, was seated with a party of friends in a Washington cafe one evening when the circle was joined by the son of a big western capitalist whose main aim in life seemed to be a continuous jubilee. He was of that class inelegantly known as "butters in," and it was soon evident that his presence was distasteful to the senator. "My old man doesn't put up a cent for me," said the young man, displaying a fat roll of greenbacks. "I'm on my own resources."

"How do you manage it?" asked one of the party. "You must have some sort of a 'snap.'"

"This is my 'snap,'" said the gay spendthrift, impressively touching his head.

"And there's not a softer 'snap' in the world!" assented Senator Mason.

"Light" Farming.

Here is what Fred Badger calls a case of "light farming." "A farmer in Neosho county, Kan., is running his farm by gas. A well sunk for oil yielded gas, and now he keeps six stoves going in his house, lights every room, including hall and cellar, has gas heaters in his coops and hogpens, a furnace outdoors for cooking food for his live stock, a gas engine to shell corn, grind feed and pump water, turn grindstones and work the churn, a gaslight with reflector to light the barnyard, a contrivance to illuminate the barn when he opens the door and heaters for water tanks in the field, so that his cattle may drink tepid water all the winter if they want to."—Kansas City Journal.

Largest Bank in the World.

In London a banking combination is now in progress that will put the two largest New York banks far in the background. This is the combination of the biggest of the London banks and one that ranks thirteenth on the list, or the Lloyds bank, limited, and the Manchester and Liverpool District Banking company, limited. The new combined London bank will be the largest banking institution in the world and will overshadow even the big government banks, like the Bank of England and those of the French, German and Russian nations.—Banker's Monthly.

Smokeless Powder.

That smokeless powder has its dangers as well as its advantages is pointed out by a recent medical writer. The gases from it produce very disagreeable symptoms, among which are convulsions, difficulty of breathing, feeble pulse and heart action, headache or even loss of consciousness. These are due chiefly to the nitrous products of combustion, which, while they are not so objectionable in the open air, may become dangerous in a confined space, such as the turret of a battle ship.—Success.

To Day AND Monday

SATURDAY and MONDAY

June 11th and 13th

Two great sale days at the Closing Out Sale of Neil S. Duckels, No. 10 west side square, Jacksonville, Ill., by the Chicago Merchandise and Salvage Co. Entire stock at less than 50c on the dollar.

Special Sale Hats

We put on sale about 600 Men's Fur Hats, all shapes, styles and qualities, hats that readily sold from \$2.00 to \$3.00. Saturday and Monday your pick and choice for

75 cents

Over 1500 pairs of Men's and Boys' Fine Trousers, Saturday and Monday at a discount of 50 per cent. You can afford to buy half a dozen pairs. It is just like finding money by buying of us now. Come early and help yourself to the best and biggest bargains on earth. Mind, your money back for the asking.

Chicago Merchandise & Salvage Co.

Now Selling Out the Neil S. Duckels Stock

10 West Side Square Jacksonville, Ill.

A new device for saving gas consists of a round piece of sheet iron that just fits around the hole. It is about three inches high and by confining the heat in the circular space is said to save gas and time in cooking.

Finding fault and belittling the efforts of those among whom one lives is one way of appearing wise, but it is a case in which appearances are deceptive. There is nothing in it but bad judgment.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS BETTER THAN A DOCTOR'S PRESCRIPTION.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by all leading druggists.

SURE CURE FOR PILES.

Itching piles produce moisture and cause itching, this form as well as Blind, Bleeding or Protruding Piles are cured by Dr. Bo-san-ko's Pile Remedy. Stops itching and bleeding, absorbs tumors. 50c a jar at druggists or sent by mail. Treatise free. Write me about your case. Dr. Bo-san-ko, Philadelphia, Pa. For sale by Lee P. Alcott.

It is always amusing to hear the plants of a man during house cleaning time. He has nothing to do but complain. Our idea is to get him to work so he will keep still.

WALLIGATOR PUNCTUREPROOF

SELF-HEALING BICYCLE TIRES. NAILS, TACKS AND GLASS WILL NOT LET THE AIR OUT. ALL SIZES.

NO TIRE MADE LIKE IT. REGULAR PRICE \$10.00 NOW \$4.95 PER PAIR EXPRESS PREPAID.

NINE MILLION ACRES.

Government Lands for Homesteaders.

In western Nebraska near the Union

Pacific railroad in section lots

of 640 acres each, for almost

nothing. The salubrity of these lands is

something remarkable. Distance from

railroad is three to thirty miles.

There will be a grand rush of

homesteaders. This is the largest

distribution of free homes the United States

government will ever make in Nebraska.

Write for pamphlet telling how the

lands can be acquired, when entry

should be made and other information.

Free on application to any Union

Pacific agent, or J. H. Lathrop,

G. A., 903 Olive St., St. Louis, Mo.

A RECORD ON THE RAIL

Train Covers a Hundred and

Eleven Miles in an Hour.

SUSPECTED SPEED LIMIT BEATEN.

President of Michigan Central Rail-

road Published Record Breaking

Train on a Vaguer-Pilot Engine

Run Ahead, Switches Not Spiked,

but Best Road Equipment Was Pro-

vided.

O. W. Rugges, general passenger

agent of the Michigan Central railroad,

recently sent out official figures re-

ceived from the operating department

of the road respecting a run made by

Mr. Ledyard's special train, which

broke the world's record. The run was

made a few days ago from Niagara

Falls to Chicago, and, according to the

dispatchers' train sheets, a maximum

speed of 111.0 miles was attained and

kept up for a distance of 3.73 miles

from Crisman to Lake, Ind., says a

Chicago special dispatch.

In view of recent experiments in

high speed made by the Pennsylvania,

which resulted, it is said, in demon-

strating that 95.1 miles an hour is the

limit possible in modern railroading,

the performance of Mr. Ledyard's

special train is amazing. The special

carried Mr. Ledyard, president of the

Michigan Central railroad; Mr. New-

man, president of the New York Cen-

tral, and Mr. Truesdale, president of

the Lackawanna.

The performance is said to have re-

sulted from an argument which arose

regarding the physical condition of

the various roads. President Newman

maintained that the Lake Shore road-

bed and track represented the acme of

development in the art of railroad

construction and that Lake Shore

trains were, therefore, capable of

greater speed than any other.

President Ledyard declared that the

Lake Shore's physical condition was

no better than the Michigan Central's,

and asserted that if he desired to do

so he could with the very train they

were on break world's speed records

and at the same time demonstrate that

the discipline of the Michigan Central

was of the highest type.

The wager was accepted, and the

only precautions taken by the president

were to run a "pilot" engine ahead of

the train and give ample notice of the

schedule which he was going to try to

maintain. Switches were not spiked,

but the best road equipment was pro-

vided.

The distance between Niagara Falls,

Ont., and Windsor, 225.66 miles, was

made in 191 1/2 minutes, or at the rate

of 70.70 miles an hour, excluding stops.

The distance from Brownsville to

Springfield, 5.20 miles, was made in

3 minutes, or at the rate of 104 miles an

hour, establishing a world's record.

Between Bismarck and Rodney, 4.40

miles, was made in 2 1/2 minutes, or at

the rate of 105 miles an hour.

From Pokagon to Niles the run was

at the rate of 98.70 miles an hour.

From Niles to Chicago, including stops

and delays in entering the city, an av-

erage speed of 46.07 miles an hour for

INDICATIONS.

Washington, June 11.—For Illinois: Fair Saturday; warmer in north portion; showers and cooler at night or Sunday; fresh southeast to south winds.

KICKED BY A HORSE

John W. Lazenby, of Markham, Injured—Brought to This City and Placed in Hospital.

John W. Lazenby was painfully injured Thursday by a fractious horse. He was driving an animal which Vincent Riley recently brought from St. Louis, and was near the Leach place southwest of the city, on his way to Greenfield, when the horse began to kick. Mr. Lazenby was badly bruised about the face and received a severe injury to one of his legs, the skin being torn loose for two or three inches, extending up over the knee cap.

He was brought to this city, where he is being cared for at one of the hospitals. His injuries, while not considered serious, are very painful and it will probably be some time before he is able to be out again.

Lace curtains, rope portiers, tapestry, curtains, table covers and window shades at Calky's.

\$5.60—CHICAGO & RETURN—\$5.60

Choice double standard Pooled Durham bulls of serviceable age, also heifers bred and unbred. Prices on application.
C. W. Keeley & Son,
One mile from court house, Carrollton, Ill.

THE DEATH RECORD.

BAKER.

E. S. Greenleaf received a dispatch Friday morning announcing the death at Atchison, Kans., of Frank M. Baker. Mr. Baker lived in this city a good many years ago and was much esteemed for his many excellent qualities. He became interested with Mr. Greenleaf and others in the grain business in the west and has resided there for a long time, though he maintained his friendly relations with many here in his old home. He was a stockholder and director in the Ayers' National bank and a man of considerable wealth. He leaves a wife and two children, a son 8 and a daughter 5 years of age.

Mr. Greenleaf and John A. Ayers expected to leave to day for Atchison to attend the funeral, which is to be conducted at 2 p. m. Sunday.

Mr. Baker was an alumnus of Illinois college, being a member of the class of 1870.

SMITH.

B. W. Smith received word Friday afternoon of the death at 2 o'clock noon of his mother, Mrs. Amy J. Smith, at Claremont, Cal. No particulars have as yet been obtained.

Amy Jane Gifford was born in the state of New York in 1822. She was united in marriage in 1838 to Hezekiah L. Smith, and in 1848 they removed to Wisconsin and resided near Janesville. In 1855 they removed to Jacksonville, where they remained nineteen years, coming to this city in 1875. Mr. Smith died a number of years ago, but Mrs. Smith continued to live here until four years ago, when accompanied by her daughter, Miss Flora A. Smith, she went to Claremont, Cal., where she has since resided.

She is survived by her son, B. W. Smith, of this city, and one daughter, Miss Flora A. Smith, who was with her at the time of her death.

Mrs. Smith was a woman of kind and loving character and was an earnest Christian. She was a member of the Congregational church and as long as her health permitted took an active part in all that pertained to its welfare. The news of her death will bring sadness to many hearts.

The remains will be taken to Jamesville, Wis., for burial.

SCOTT.

Enos Garrison Scott died at his home, No. 428 Arch street, Nevada, Mo., May 29, 1904, of Bright's disease. Deceased was born in Springfield, Ill., Aug. 19, 1810. He was a member of the Christian church at Nevada, and a veteran of the civil war, in which he served in Company G, First Missouri cavalry, for three years, and was honorably discharged. He is survived by a wife and six children, five sons and one daughter.

WISWELL.

J. A. Wiswell, one of the best known of the earlier pioneers of this city, passed away at Los Gatos Thursday afternoon. For months he has been a sufferer from brain troubles and his mind had been impaired. He was lovingly cared for by his faithful wife and everything possible was done for his relief. For years Mr. Wiswell resided here, being in the paint, oil and furniture business. For a while he was with the late Lee Ellsworth, the firm name being Ellsworth & Wiswell. He was also with Young & St. Clair for a while. He was a highly respected, upright citizen of sterling business integrity, and he left many friends to mourn his going out. He was an old-time Odd Fellow and in 1896 joined Petaluma lodge No. 29, I. O. O. F., by card, being at that time a past grand of Mendocino lodge of Illinois. He always maintained his standing in the order which he loved. The remains arrived on the 120 train Friday afternoon and were taken to the black-burn parlors. The funeral was held from Odd Fellows' hall last Saturday at 9:20 a. m. under the auspices of Petaluma lodge No. 29, I. O. O. F., and interment was at Cypress Hill. Mr. Wiswell was a native of Illinois, aged 78 years. His widow has the sincere sympathy of her many loyal friends.—Petaluma (Cal.) Paper.

Mr. Wiswell was a native of Ohio and was engaged in business at Arcadia for about fifteen years before going to California some forty years ago. He was a brother of G. W. Wiswell, of Waverly, and of Mrs. A. G. Baldwin, of San Francisco, who is now the guest of her brother in Waverly.

SUDDEN DEATH

William H. Colby, Sangamon County Probate Judge, Is Stricken While in His Office Friday.

Springfield, June 10.—Death came suddenly this morning to Judge William H. Colby of the probate court. He had just taken his seat in the clerk's office connected with his court to dictate to the stenographer, Miss Laughlin, a will that he had just drawn up, when without warning he fell forward upon the floor. Death was almost instantaneous. Mr. F. B. Harcourt, the clerk of the court, was sitting on the opposite side of the room when Judge Colby came in. He heard the sound of a chair slipping and looked up to see Judge Colby prone upon the floor and the stenographer in an attitude of horror. "Oh, come here, quick," she said. Mr. Harcourt and the other occupants of the room hastened to the judge's assistance, but it was plainly too late for any human aid. He breathed but a few times after and his death was evidently painless. Several physicians were called. Drs. Taylor, Barker and Pickrell made examination, but did not pronounce positively upon the cause of death, though the symptoms are those of apoplexy. The news of Judge Colby's death spread rapidly and public officials, business men and members of the bar crowded into the room with anxious inquiries and expressions of sorrow. A messenger was sent immediately to Judge Colby's farm, a mile east of the city, to notify his family of the sad occurrence. The death of Judge Colby came like lightning from a clear sky. There was no warning whatever. He seemed to be in his usual health when he came to the court room to day. He chatted pleasantly with the clerks and other attaches of the court and attended to his usual duties. His last official act was to approve the bond of Hamlet W. Fisher, executor of John W. Fisher, and as he did so he remarked very pleasantly, "That is an easy thing to do." He had written a will during the morning and went into the clerk's office to have it copied by the stenographer. There was nothing in his appearance or manner to indicate that he was not in his usual health and spirits. Mr. F. B. Harcourt, the clerk of the court, was deeply distressed by the sad occurrence. Although of different politics the two since their election have worked together in perfect harmony and as Mr. Harcourt said, "Our whole object has been to attend to the business of the court in the interest of the people. There has never been the least friction between us. I am completely unmoved by the sad occurrence."

Judge Colby was in his fifty-fourth year and had served as probate judge since 1902, being the first incumbent of the office. He has been a prominent member of the bar for many years and served as master in chancery of the circuit court for some time, being appointed by Judge Creighton. He resided on his farm, a mile east of the city limits, where he was engaged in farming. He was a member of the Springfield park board. The remains were taken in charge by an undertaker and the coroner will conduct an inquest to determine the cause of death. The death of Judge Colby will necessitate the calling of an election to fill the vacancy. The law says that in such cases where the unexpired term is less than one year the governor shall appoint, but where it is more than a year an election shall be held. In the meantime the clerk of the court has the power to call in some county or probate judge to conduct the business of the office. In this case the probate business will doubtless be turned over to Judge Murray of the county court, who is familiar with many of the details, having had charge of the probate matters of the county prior to the election of Judge Colby.—Springfield News.

A NOTRE DAME LADY

I will send free, with full instructions, some of this simple preparation for the cure of leucorrhoea, ulceration, displacements, falling of the womb, scanty or painful periods, tumors or growths, hot flashes, desire to cry, creeping feeling up the spine, pain in the back and all female troubles to all sending addresses. To mothers of suffering daughters I will explain a successful home treatment. If you decide to continue it will only cost about 12 cents a week to guarantee a cure. Tell other sufferers of it, that is all I ask. If you are interested write now and tell your suffering friends of it. Address Mrs. M. Summers, Box 46, Notre Dame, Ind.

GRAND FOURTH OF JULY.

The merchants interested in the proposed Fourth of July celebration met in T. H. Buckthorpe's office last evening and appointed the various committees necessary.

Among the many attractions which will be brought out on that day are a free driving exhibition, grand mackerel parade, balloon ascension, morning and afternoon; free-for-all baby show; free athletic exhibition; many funny side-splitting contests for the youngsters; free dancing and free water.

Speakers have been invited and if the new fire engine arrives in time it will also give a test exhibition of its powers. A third hand has been retained for the day so that if we have any kind of a fair day a grand prize will be guaranteed.

The fair will be held at the fair grounds and will be a grand success.

ANNUAL SALE

1874—JUNE 12—1904

Thirty years before the public and still the Lady Clare remains the popular favorite. That every smoker can enjoy a LADY CLARE smoke, for Sunday, I will sell on Saturday, June 11, one box, 50 Lady Clares, \$2.95, or five Lady Clares for 25c, only one lot to each customer. Call and supply yourself with an anniversary smoke of this highly pleasing cigar. Cash sale. Pyatt's, 228 West State St.

AFTERNOON RECEPTION.

Mrs. Howard Russell was the hostess at a most delightful afternoon reception given Friday in honor of her guest, Mrs. W. A. Beatty, of Old Orchard, Mo.

The Russell home was most artistically decorated for the occasion and the scene was one of charming beauty. Smilax and syringa blossoms were used in all of the rooms and the effect produced showed exquisite taste. In the dining room green and white was the color scheme, which was secured by large bouquets of white roses and carnations.

Mrs. Russell was assisted in receiving by Mrs. J. C. Goltra, Mrs. S. T. Anderson, Mrs. E. C. Lambert, Mrs. A. L. Adams, Mrs. W. A. Bancroft, Mrs. Jesse Dwight Dana, of Sligo, Mo.; Mrs. L. Seeburger, Mrs. C. G. Cambren, of San Francisco, Cal., and Miss Effie Epler and Miss Lou Topping. Those who assisted in the dining room were: Miss Abigail King, Miss Charlotte Stryker, Miss Louise Stryker, Miss Madge Widenham, Miss Marie Chambers and Miss Laura McDonald. Miss Harriet Parsons and Miss Helen Ayers presided at the frappe bowl.

POLICE NEWS.

Oscar Berry was arrested by Policeman Fernandes for assault and battery.

Policeman Trahey arrested Florence Pecker on a state warrant Friday, charging her with assault and battery on Mattie Pecker. The case was taken before Squire Gray and a reconciliation in the family was effected without trial, the case being dismissed.

STEELE.

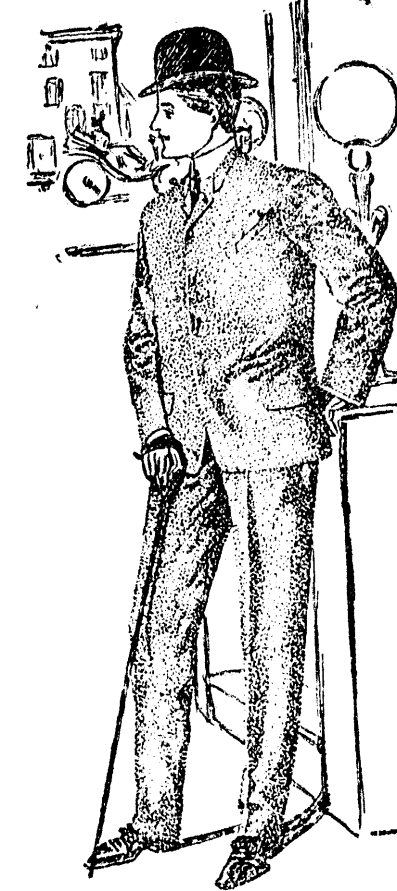

The remains of Miss Jane Steele were taken Friday morning to Nortonville, where services were held. Interment was in Nortonville cemetery.

DEMOCRATIC STATE CONVENTION.

Springfield, Ill., June 14, 1904.

For the above occasion tickets will be sold at \$1.00 for the round trip on June 12 to 14, inclusive; good returning on June 16. For further information, phone No. 12.

When you Buy Clothing

you naturally want the most stylish and the best clothing that you can get for your money. That's what we will give you.
